## EXPERIENCE

### **Adair Creative**

18 hour shoot over the course of 2 days. I mostly did grip work. I learned how to work in a fast paced production environment.

### **Highlands Oncology**

Created a promotional video for their new gardens that was shown at a fundraising auction. I learned about the impact I can have through my work.

### **Fort Lewis College**

I was the video production intern at FLC where I learned about scheduling and the importance of staying on top of my work.

### **BHS Ignite**

I learned the essentials of video production and have since been growing those into valuable skills.
