## EXPERIENCE

*from August 2022 – to present*

**Program Manager | Center for Faith and Flourishing**

In this role I have had the opportunity to learn how to juggle multiple responsibilities and sub-titles to help build up the Center and work towards organizing its inner components. Sub-titles and responsibilities included anything from financial management, event coordinating, content creation for social media, graphic design and video editing.

*from August 2020 – May 2022*

**Photo Editor | The Threefold Advocate Newspaper**

This leadership role involved photographing local events and portraits to accompany articles for each issue, planning bi-weekly assignment lists for staff photographers to delegate those images, prepare images for layout nights in addition to recruiting photographers for the newspaper.

*from August 2020 - May 2022*

**Teaching Assistant | Traditional & Alternative Darkroom**

I have assisted 2 traditional darkroom and 1 alternative darkroom courses. I help students in the basic darkroom process of chemical mixtures, developing and printing to more complex processes as cyanotype or gum bichromate. Lending both technical knowledge to artistic feedback.

*from August 2020 – 2022*

**Photographer | Visual Arts Foundry**

As part of the committee I help plan, coordinate and photograph events for John Brown University's Visual Arts Department. Helping install street art from Scott Erickson's "Stations of the Street" Poema project on campus to presenting awards for the annual art awards ceremony are a few responsibilities I have participated in.

*from June 2021 – to July 2021*

**Photography Internship | Shiloh Museum of Ozark History**

I worked under the digital department, gaining knowledge on how to best archive negatives, prints and photographs. Also, seeing the process in which exhibits are curated and constructed. Even working in their darkroom printing from negatives in various collections.

*from May 2019 – to September 2021*

**Cashier & Food Service | Casey's General Store**

As a more commercial based environment, productivity was key in the tasks I had. Those tasks involved the daily store clean up, hourly food warmers, unloading and stocking of merchandise. Then in the cashier position genuine customer service and timely interactions went hand in hand.

*from July 2018 – to September 2019*

**3rd Key & Retail Associate | Factory Connection**

First hired as a retail associate I quickly was able to move to a managerial position as 3rd key. Customer service was priority but other duties revolved around efficiently opening and closing the store, receiving and placing shipment onto sales floor as well as presenting the fashion in a desirable display.

## EDUCATION

*from 2018 – to 2022*

**JOHN BROWN UNIVERSITY**

Bachelor of Science

Photography

*from 2018 – to 2021*

**JOHN BROWN UNIVERSITY**

15 hours | Undergrad & Grad Business
